of the unique challenges of humanity.

THE VISION ...

GLP Entertainment Group contains a network of resources which supports conscious storytelling that brings about awareness to important challenges of humanity. Driving large scale change through a ecosystem of a unique blend of entertainment, service and philanthropy with a content portfolio of continuity that adds up to larger social, cultural and spiritual campaigns.

THE CONTENT...

offers an extensive line up of content that is engaging, informative, entertaining and cool. A wide variety of subject matter featuring themes such as self help, conscious living, money, finance and social welfare provides numerous options that appeals to consciously driven viewers, sponsors, advertisers and investors includes the following concepts:

Dorothy Dix Talks

ORIGINAL CONTENT

GLP Enterprise, Inc. manages the distribution of the original content from the exclusive "Untold Truth" archives. The following concepts are priority for funding:

THE WONDER OF THE SOUL

[7 Lessons in the Esoteric Arts]- a manifesto as a call to action to the "light bearers" during a time of great uncertainty. A conscious guide with messages for its readers of profound examples of relevant "ancient wisdom" directly in touch with ideals of a spiritual nature in a way that is uniquely modern and familiar.

Likened to: Vishen Lakhiani's, The Code of an Extraordinary Mind

THE KURE

explore the history of the holistic and medicinal benefits of cannabis and highlight its relevance to the current green movement its impact on big pharma and current global trends

..

WORLD DOMINATION

a historical drama set in the late 1890's goes behind the veil the Rockefeller family as an oligarchy, takes control of business interest, government and wall street from the inside out. The lines between wealth, power, democracy, collusion and legacy are blurred. As wealth, power and influence is transferred from father to son the effect will last for many generations to come.

Likened to: Netflix's The Crown & House of Cards

BUILDING A MONEY POWER

a detailed history of the deception behind our current economic system, exposing the tarnish hidden under the golden gildes of capitalism and democracy. As "the people" are forced to change from silver to gold, money lenders like JP Morgan and Rothchild find opportunity. In secret meetings with Corsair Club members and as top economist meet at Jekyll Island.

Exposing how this is all mysteriously tied directly to the Central Bank, Federal Reserve and the Income Tax act of 1913.

Likened to: Noam Chomsky's, "Requiem for the American Dream"

THE HOLISTIC PROJECT

an analysis of the language of how spirituality, wellness and consciousness was interpreted by forward thinking Buddhist, Spiritualist, Healers and Philosophers over a century ago. Through the study of Buddhism, Vegetarianism, Holistic Medicine and Occultism.

Likened to: Linda Page's, Healthy Healing

THE POWER OF YOUR DIVINE MIND

A book of selective inspirational quotes, prayers, meditations and mantras to inspire, encourage a sense of understanding by putting the enlightened gifts of the union of religions, ancient wisdom and esoteric knowledge all in one place, in a way that gives a meaningful purpose to life.

Likened to: I've Been Thinking, The Secret, 100 days of Brave

DOROTHY DIX TALKS

a coffee table read, sharing the writings of the famous journalist, Dorothy Dix considered the highest paid women writer in the early 1900's. Her witty, intelligent, honest relationship advice columns were popular among both men and women. A liberal and profound interpretation of the real power of womanhood over a century ago with a modern twist.

Likened to: Steve Harvey's, Act like a Lady, Think like a Man

DECEPTION, SCHEMES & ANIMOSITY

a thoughtful probe into a unique time in American history, when "race relations and class identity" went beyond the blinded one sidedness of the "superiority of whiteness and the inferiority of blackness". Exploring untold stories from a century ago of the "racial and social contradiction" embedded into the fabric of our shared history and existing realities..

THE GOAL ...

Harnessing the power of both community, social media interactions and conscious content to inspire an audience to be more aware, gain knowledge and take conscious action. To forward a message of service and social responsibility, which will spread across a wide coalition of public service organizations to support missions of vital topics; such as education, community outreach, health & wellness and important scientific research. By establishing alliances with non-profit organizations, activist groups, influential individuals, companies and brands looking to create positive change.

KEY PLAYERS ...

Kareen K. Garner is a business consultant and author. She founded GLP Productions, as a company dedicated to entertainment that is creative, giving and sustainable. She has a undergraduate degree in Finance from Cal State University, Northridge and a Masters in Business Administration in Financial Planning from Cal Lutheran University. Her passion for education, independent study and research led her to this library of projects representing her life's work of service integrating over a decade of research in esoteric science, corporate branding, market trends and consumer demand.

A native of Oxnard, CA, where for over the past several years she has focused on finding a connection between creative gifts and talents with her business acumen. She has developed a niche brand that crosses over into various transmedia platforms in ways that are conscious, informative and inspirational.
